

### **DETAILED ACTION**

1. The applicant's amendments to the specification, filed on 9/14/09, has been entered.

#### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or render obvious a filter system comprising, inter alia, a guide tip defining a guidewire lumen; an elongated wire attached to a proximal portion of said guide tip; an embolic protection filter disposed along the elongated wire; and an elongated tubular member defining a first lumen adapted to receive the elongated wire and a second, generally parallel lumen having proximal and distal ports, adapted to receive the guidewire; and when the embolic protection filter is collapsed in part within the distal sheath, a portion of the guidewire within the second lumen of the elongated tubular member adjacent the distal port of the second lumen is generally coplanar with a portion of the guidewire within the guidewire lumen of the guide tip, a portion of the elongated wire within the first lumen of the elongated tubular member adjacent the distal end of the first lumen, and the point of attachment of the elongated wire to the guide tip.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
